

## **Rubber Roller Group Scholarship Description, Rules and Applications**

The scholarship, in the amount of \$1,000, will be available each year to graduating high school seniors who plan to attend a college or university in the US or Canada. Students already in college are eligible to apply, but priority will be given to high school seniors. The Rubber Roller Group member is considered the student's "sponsor" and must sign the student's application form as well. The student must plan to major in a business or technical field (i.e. management, accounting, engineering, chemistry, etc).

To be considered for the scholarship, the student must submit an application form and an essay on the topic of "What the free-enterprise system means to me" by July 1st of their graduating year. The student must also arrange for his or her school to forward transcripts and SAT scores to the Rubber Roller Group.

The information is forwarded to the parliamentarian who will oversee the selection process, but Mrs Sue Almeida will make the final selection decisions. The Group's decision will be announced to the selected recipient by August 15th, and payment will be made directly by the group's secretary / treasurer to the student's chosen school in two installments of \$500 00 per semester.

Scholarships are renewable, at the discretion of the Board of Directors for up to 3 additional consecutive years. The student must forward certified grade transcripts, letter of intent to continue his or her education, maintain a 3.0 GPA, continue to pursue the required degree options, and work during the summer in a for-profit enterprise (unless attending school full-time during the summer semester as well).

# Supplier Scholarship Form
